Student knowledge assessment system

Evaluation of the level of achievement of student learning outcomes in the training component of the educational program includes assessment forms – midterm (single or multipile) and final assessment, the sum of which is a final grade (100 points).

Midterm and final assessment (assessment forms) include component/components, determines the method / methods for assessing student knowledge and / or skills and / or competencies (oral / written exam, homework, practical / theoretical work, etc.). Assessment component combines common assessment methods (test, essay, demonstration, presentation, discussion, practical / theoretical assignment, working in a group, participating in a discussion/simulation, etc.). Method / Methods of assessment are measured by assessment criteria, i.e. through unit of measurement of the assessment method, which determines the level of achievement of learning outcomes.

Each form and component of assessment from the assessment total point (100 points) has a specific share in the final assessment, which is reflected in the specific syllabus and is reported to the student at the beginning of the semester.

Credit should not be granted using only one form of assessment (midterm or final assessment). Credit is granted, if the student receives a positive assessment

During the implementation of the educational program, the specific share of minimum competence limit of student's midterm and final assessment will be reflected in the specific curriculum and will be communicated to the student at the beginning of the semester. The assessment system includes:

Five types of positive assessment: (A) Excellent 91-100% of max grade (B) Very good 81-90% of max grade (C) Good 71-80% of max grade (D) Satisfactory 61-70% of max grade (E) Sufficient 51-60% of max grade Two types of negative assessment: 41-50% of max grade - meaning a student needs more effort to pass an examination and is given an extra chance to pass (FX) Unsatisfactory an additional examination through independent work; 40% and less of max grade - meaning the student's effort is not enough and he has to learn the subject anew. (F) Failed

:	Sulkhan-Saba Orbeliani U 4	niversity	

Forms and components of assessment	
Forms and components of assessment	Max grade
Midterm assessment, including:	70 points
Written / oral exam	30
Midterm written / oral exam	30
Individual homework / presentation	10
Final Assessment	30 points
Final written / oral exam	30
Total	100 points

In the training component of the educational program, in the event of receiving FX, an additional exam will be scheduled at least 5 calendar days after the announcement of the results of the final exam. The points earned in the final assessment are not cumulative with the points obtained in the additional exam. The edditional exam's assessment is a final assessment and will be reflected in the final assessment of the training component of the educational program. Given the grade obtained on the additional exam, if the student earns 0-50 points in the final grade of the educational component he will be given F-0 points.

Field of Employment

The undergraduate can be employed as a lower and / or intermediate level manager in both public and private Georgian and foreign companies, effectively carry out professional, as well as organizational-managerial, administrative-economic, information-analytical, entrepreneurial, etc. activities, where a Bachelor of Business Administration degree in Management is required /sufficient. The undergraduates can also be employed: in case of study of additional tourism specialization program – in both Georgian and foreign travel companies, in public and commercial sectors of tourism organizations, resort units and / or others; In case of study of additional specialization program of international relations - in the Ministry of Foreign Affairs, in international organizations, mass media, libraries, various short and long-term projects, etc.; In case of study of additional theology program - public and private institutions, governmental and non-governmental organizations, mass media, religious organizations, publishing and scientific- research institutions and / or others.

Continuous Learning Opportunities

Undergaduate of the program can increase his knowledge on higher education stage (Master Program) in master's programs at Higher Institutions in Georgia and abroad, which, as a preconditione considers/does not ban academic - Bachelor of Business Administration in Management

Material resources necessary for the implementation of the program

The material resources owned by the Teaching University ensure the realization of the goals of the Master Program and the achievement of the planned learning outcomes:

Buildings – Bachelor Program is performed at buildings owned by university in which all types of sanitary rules and hygienic security meet the

requirements of the regulations (signalization is installed, fire extinguishers are available, perimeter is controlled by video monitoring cameras and, security office of the university is responsible for the security). Buildings fully comply with technical requirements set for Higher Institutions. Audiences for lecture and practical classes are equipped with appropriate technique and inventory (projectors, chairs, desks, blackboards and etc.).

Library – All bibliographical resources necessary for master degree program components can be found at university library in printed or/and electronic form, which are available for students, invited and academic personnels. Library is equiped with appropriate inventory (chairs, tables, computers) and reading halls. The library has a multifunction xerox device that a student can use with the help of library staff. In the reading room, students can use the Internet and international electronic resources. High speed internet services and international digital resources (Legislative Herald, EBSCO, HeinOnline, ELSEVIER: Scopus, Science Direct, Scival Funding). The University Library has an electronic catalog.

Working space for academic personnel - Working space for academic personnel is equipped with appropriate inventory, technique (chairs, tables, closets, computers, internet service, multifunction xerox device and etc.) and comfortable working atmosphere

Information-Communication Technologies – To facilitate the implementation and administration of a master degree program, University uses information-communication technologies. Namely, relevant software packages, computers, internet services meet modern requirements and they are available for students, academic, invited and administrative personel. In order to provide students with access to assessment, monitor student performance and facilitate the learning process the University uses computer-based management (electronic) system to assess student's knowledge and organize teaching process. Catalogs about education programs as well as any kind of information related to the implementation of educational programs and learning process are available at university website. University ensures information publicity and availability as well.

Peculiarities for organization of training

To obtain a bachelor's degree in Business Administration, a student must earn 240 credits, of which 180 are the components of the main specialty: compulsory training courses of 174 credits and optional training courses of 6 credits. To earn the remaining 60 credits, a student can choose subjects from any bachelor's program(s) or take 60 credits in one of the additional specialties: Theology, Tourism, International Relations and 60 credits from any bachelor's program (s) of the teaching university.

A student enrolled in BBA program in a mobility manner, as a free component can choose other training courses learned at another institution of higher education.

The foreign language component includes the following training courses: English language (A1), English language (A2), English language (B1.1),

English language (B1.2) English language (B2.1), English language (B2.2)

Bachelor is required to complete English language level B2, which in the program corresponds to the English language course (B2.2)

Placement to English language training courses takes place immediately after enrolling in a bachelor's program.

For placement, the student must write a test determining the level, which is mandatory.

On the bases of assessment of level test, the students will be distributed to the following English language levels:

- English Language (A1) 21 40 points
- English Language (A2) 41 51 points
- English Language (B1.1) 52 61 points
- English Language (B1.2) 62 71 points
- English Language (B2.1) 72 81 points
- English Language (B2.2) 82 100 points

Note: Graduate who earns 0–20 points as a result of testing will undergo level (A0) through intensive course and will begin to study from level A1 to accumulate credits.

The structure of the Bachelor program envisages 24 credits of English language. If a students enters Beginner English language level as a result of level test, he/she will earn the remaining 12 credits at the expense of the elective subjects of the program, in order to complete the program with a level of English language proficiency (B2.2).

Students, who has submitted the following international English Language certificate with relevant assessments will be exempted from the obligation to study English at the university. 24 English language credits envisaged by the program shall be earned at the expense of the elective subjects. A student who will provide another English Language B2 or B2 level certificate, namely: FCE; IELTS- 5.5-6.5; TOEFL Paper 513-547; TOEFL CBT-183 – 210;

documents will not be considered.
